

POLICE NOTICE

Tips for Protecting Yourself from Crime

Nowadays, more and more people are getting involved in criminal activities through SNS scams that go something like this: “Easy and money making part-time job is available!”

When you see such a post on any SNS platform, please be reminded that the following activities are **illegal**.

Selling, buying, giving or receiving a bankbook and/or cash card to someone else.

(The same goes for cryptocurrencies.)

If you have a bank account that is no longer being used or will be no use for reasons such as you will go back to your country

please make sure to close your bank account to prevent it from being used for criminal purposes.
